## **FTNGD-CD 19-011, UH-72 Lakota Crew chief/Mechanic**

### **14. Unique Requirements and conditions of Counterdrug tours:**

- a. Urinalysis testing upon entry to active duty in addition to periodic testing during active duty. These requirements are in addition to testing by units of assignment during IDT/IAD under Substance Abuse Testing or the ANG Drug Abuse Testing Program. Non-derogatory drug screening results prior to entry into the Counterdrug Program is mandatory.
- b. CDTF personnel are required to attend the minimum statutory National Guard requirements IDT/IAD and Annual Training while on FTNGD-CD.
- c. CDTF personnel on FTNGD-CD orders are subject to fiscal constraints of year-to-year funding. Service on FTNGD-CD is voluntary and contingent on current and qualified participation as a California National Guard Servicemember.
- d. Relocation expenses are NOT authorized unless specifically granted in writing by Counterdrug Commander (CDC).
- e. Be advised, selection for this CD Tour includes budgetary consideration of the SM reaching eighteen (18) years of cumulative active federal service (AFS) or six (6) consecutive years AFS.
- f. National Guard members participating in the Counterdrug Support Program are required to comply with state laws and with DoD 5500.7-R. They are required to uphold the highest standards of conduct and personal appearance.
- g. Outside employment, associations and off-duty conduct/activities must be consistent with federal directives on ethics and with state and federal conflict of interest policies. Outside employment will require written approval of CDC according to para 8-25 of this regulation.

### **15. Tour Description**

Performs duties and responsibilities as a UH-72 A/C Crewchief and Mechanic for the Counterdrug Task Force. Supports Team Eagle by conducting inspections, functional checks, and preventive maintenance on assigned aircraft to include phase inspections, daily inspections, pre and post flight readiness inspections and special inspections as required, including fuel contamination checks, oil and fluid sampling, and inspection of onboard emergency and special mission equipment. Conducts checks on hydraulic, electrical, transmission, rotor systems, power train, avionics, and special mission equipment. Troubleshoots, diagnoses, and performs unscheduled maintenance on assigned and transient aircraft. Services aircraft with oils, de-icing fluids, fuel and hydraulic fluid. Launches and recovers assigned and transient aircraft; performs inspections prior to takeoff. Perform duties as a non-rated crewmember to include Hoist Operations, Sling Load Operations, MEP Operations, Passenger briefings, loading and unloading. May be required to perform such additional duties as fire guarding/fighting, aircraft crash and rescue, Foreign Object Damage control, aerial flight duties and other duties as assigned.
